CHAPTER VII.

THE moon had risen, and there was a face of mist along the creek when John and Helen reached their bench. (Of course they went back there.) She turned to him with a little frown.

"Why have you never let Tom Meredith know you were living so near him—less than a hundred miles—when he has always liked and admired you above all the rest of mankind? I know that he has tried time and again to hear of you, but the other men wrote that they knew nothing, that it was thought you had gone abroad. I had heard of you, and so had seen your name in the Rouen papers—about the White Caps and in politics—but he would never dream of connecting the Plattville Mr. Harkness with his Mr. Harkness; though I did, just a little, in a vague way. I know you, of course, when you came into Mr. Hallows's lecture the other evening. But why haven't you written to my cousin?"

"Rouen seems rather far away to me," he answered quietly. "I've been there only once, half a day on business. Except that, I've never been much farther than Amo—and then for a convention or to make a speech—since I came here."

"Wicked," she exclaimed, "to shut yourself up like this! I said it was fine to drop out of the world, but why have you cut off your old friends from you? Why haven't you had a relapse now and then and come over to hear Ysaye play and Melba sing, or to see Mansfield or Henry Irving, when we have had them? And do you think you're being quite fair to Tom? What right had you to assume that he had forgotten you?"

"Oh, I didn't exactly mean forgotten. He said, pulling a blade of grass to and fro between his fingers and staring at it absently. 'It's only that I have dropped out of the world, you know. They rather expected me to do a lot of things, and I haven't done them. Possibly it is because I am sensitive that I never let Tom know. They expected me to amount to something, but I don't believe his welcome would be less hearty to a failure—he is a good heart.'"

"Failure?" she cried and clapped her hands and laughed.

"I'm really not very tragic about it, though I must seem consumed with self pity," he returned, smiling. "It is only that I have dropped out of the world while Tom is still in it."

"Dropped out of the world?" she echoed impatiently. "Can't you see you're dropped into it? That you?"

"Last night I was honored by your praise of my graceful mode of quitting it!"

"And so you wish me to be consistent," she retorted scornfully. "What becomes of your gallantry when we abide by reason?"

"True enough; equality is a denial of privilege."

"And privilege is a denial of equality? I don't like that at all." She turned a serious, suddenly illuminated face upon him and spoke earnestly: "It's my hobby, I should tell you, and I'm tired of that nonsense about 'women always sounding the personal note.' It should be sounded as we would sound it. And I think we could bear the loss of 'privilege.'"

He laughed and raised a protesting hand. "But we couldn't."

"No, you couldn't. It's the ribbon of superiority in your buttonhole. I know several women who manage to live without men to open doors for them, and I think I could bear to let a man pass before me now and then or wear

NOVEL SEA FIGHT

Hot Duel Between Torpedo Boat Destroyers at Port Arthur.

IT WAS ABOUT A DRAW

One Russian Vessel Was Sent to the Bottom and Jap Loss Probably the Same.

When the Stereguschchi Went Down Part of Crew Was Captured, the Rest Drowned.

Mukden, Manchuria, March 12.—Admiral Makaroff, commanding the Russian fleet, reports from Port Arthur as follows:

"Six torpedo boats which went out to sea the night of March 10, four of them being under the general command of Capt. Mattonsevitch, encountered the enemy's torpedo boats followed by cruisers."

"A hot action ensued in which the torpedo boat destroyer Vlastini discharged a Whitehead torpedo and sank one of the enemy's torpedo boats. On the way back the torpedo

TWO OF JAPAN'S SWIFT TORPEDO BOAT DESTROYERS.

boat destroyer Stereguschchi commanded by Lieut. Sergueieff, sustained damage, her engine was disabled and she began to founder. By 8 o'clock in the morning five of our torpedo boat destroyers had returned. When the critical position of the Stereguschchi became evident I hoisted my flag on the cruiser Novik and went with the Novik and the cruiser Boyarin to the rescue. But as five of the enemy's cruisers surrounded our destroyer, and as their battleship squadron was approaching, I did not succeed in saving the Stereguschchi, which foundered. Part of the crew was made prisoners and part was drowned."

"On the ships which participated in the night attack one officer was seriously and three others were slightly wounded, two soldiers were killed and eighteen were wounded."

"At 9 o'clock fourteen of the enemy's ships assembled before Port Arthur and a bombardment was begun with the heavy guns of their battleship squadron at long range."

"This lasted until 1 o'clock in the afternoon. It is estimated that the enemy fired 154 twelve-inch shells. The damage to our vessels was insignificant, and they are again ready for battle. Our losses were one officer slightly wounded and one soldier killed and four soldiers wounded."

"The illumination of the sea at night by the searchlights mounted at our batteries was most satisfactory, and several times isolated shots from our batteries forced the enemy's torpedo boats to retire."

"With the commencement of the bombardment at dawn the guns of the fortress replied to the enemy's fire."

"The crews of all the ships engaged gave proof of remarkable coolness in action. Below decks the work of the day followed its ordinary course, in spite of the shells falling between the vessels and covering them with fragments."

"A bombardment at such a distance must be considered ineffective, but the Japanese cruiser Takasago is reported to have been seen to suffer serious damage, the extent of which, however, it was impossible to ascertain at a distance of five miles. Many shells were fired at a range of 7 1/2 miles."

SOME CONFUSION

Seems to Exist Regarding Dates of Recent Actions.

London, March 12.—Although there is some confusion of dates in the official messages from the far East regarding recent attacks on Port Arthur and other engagements which is probably due to the fact that those affairs occurred during the night time, no fresh action is known to have taken place on Friday.

A correspondent at Seoul describes these Japanese attacks on Port Arthur as "successful preparatory bombardments" thereby intimating that a greater attempt to reduce Port Arthur is imminent.

The official announcement from Mukden that the Russian army corps which has arrived at Harbin will be held there because of the landing of Japanese troops at different points and the various reports of the intentions of the Japanese commanders, is an unintentional tribute from Viceroy Alexieff to Japan's extraordinary success in concealing her plan of campaign and mystifying the enemy as to her movements.

A correspondent at Che Foo gives

alleged information of the Japanese landing movements up to March 9, and says that disembarkation is proceeding at Chemulpo and points to the northward with marvelous rapidity. During the last ten days sixteen transports have landed 10,000 men at a town the Japanese call Kalshoe (probably Hwangju, 94 miles northwest of Chemulpo on the Tai-Dong river) twelve miles by sea from Chemulpo. Despatch boats began to run on Wednesday between Chemulpo and Champo. The correspondent calculates that up to the present 70,000 Japanese have been landed in Northern Korea.

The correspondent says also that a torpedo boat destroyer and a transport are aground off Chemulpo, the former is lightly damaged and the latter which has the appearance of a cruiser, is completely wrecked.

Cabling from Yui Kow a correspondent says the British and American gunboats at New Chwang have received orders to leave immediately when the river opens. The Liao Yang correspondent says there are now 12,000 troops working day and night on the fortifications. A great fortified camp is being formed south of the town; it extends three miles in every direction. The Russian force on the Yalu river now amounts to 20,000 men.

Tien Tsin Advances.

Tien Tsin, March 12.—Newspaper men will not be allowed to follow either the Russian or the Japanese armies before all the troops are concentrated. Twenty thousand well-trained troops under Gen. Ma are camped on the Manchurian frontier. Should the Japanese land at New Chwang and gain a victory it is believed here that the Chinese army would join them. It is currently reported in Tien Tsin that Russia will enter Pekin before the end of the war.

Cracksmen Thwarted.

Washington, Ind., March 12.—Burglars broke into the National bank at Elmore and were working on the safe when Joel Danner passed by and frightened them away. The burglars had charged the safe with nitroglycerin. Even the fuse had been inserted and all was in readiness when the robbers became frightened and ran away. There was \$25,000 in the safe.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol

Digests What You Eat  
Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.  
Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.  
Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

WILL INVESTIGATE

House Going Into Bristow Report So Far as It Concerns Members.

A REMARKABLE SCENE

Accusation and Vituperative Denunciation Marked the Progress of the Discussion.

Executive Department Condemned Amid Scenes of Wildest Excitement.

Washington, March 12.—The house of representatives indulged itself yesterday in nearly seven hours of explanation, accusation and vituperative denunciation, and then ordered, with only two negative votes, an investigation of postal affairs, so far as members of the house are concerned, by a special committee of seven members to be appointed by the speaker, who likewise are to examine into the

CHAIRMAN JESSE OVERSTREET.

(Of the committee on posts and post roads.) origin of the Bristow report so far as it concerns members of the house. The demand of the minority for a sweeping investigation of every branch of the postoffice department was not granted. The test on this question came on a vote which resulted 144 to 125, a strict party vote.

The climax of the day was reached when Representative William Alden Smith, of Michigan, condemned every executive department of the government for its arrogant treatment of the only branch of the government in direct touch with the people of the country—the house of representatives—and shouted out the name of Speaker Cannon for president of the United States. The house thundered its acquiescence, members rose to their feet and fairly shrieked their assent; Democrats waved whatever was in their hands, Republicans pounded their desks and the packed galleries took up the enthusiasm and echoed the applause. When the speaker bent low over his desk and wielded his gavel vigorously for order his raps only served as an impetus for a fresh outbreak of enthusiasm. Meanwhile Mr. Smith's time ran out, and when he endeavored to continue, in opposition to the ruling of the speaker, he was urged on by the cries of members on both sides but without avail.

The parliamentary struggle between the Republicans and Democrats came late in the day. The recommendation of the committee that the Hay resolution lay on the table was brushed aside unanimously. The Democratic demand for a full investigation finally came to a vote in the shape of an appeal from the decision of the chair and was defeated, 144 to 125, a strict party vote. A resolution for an investigation of the connection of members with the department, offered by Representative McCall, of Massachusetts, then was agreed to, only representatives Lind (Dem., Minn.) and Gillespie (Dem., Tex.) opposing it.

TROOPS ORDERED OUT

Colombian Government Threatened With Another Revolution.

Panama, March 12.—The internal situation in the Colombian department of Cauca has in no way improved, and would appear to be approaching a crisis. The election to the presidency of Colombia of Gen. Rafael Reyes is declared in some quarters to be the only thing that can possibly prevent a movement for Cauca to secede from the United States of Colombia, and if Joaquin Velez is elected instead of Reyes, it is asserted that a revolution surely will break out. The Bogota government is fully aware of the situation in Cauca and has ordered troops from Cartagena and Barranquilla to proceed by land to Quibdo, a large town in Cauca.

To Proceed Against Mob.

Columbus, O., March 12.—Gov. Herrick had a conference with Attorney General Wade H. Ellis and State Fire Marshal Hollenbeck regarding the Springfield riot and as a result strenuous efforts will be made to ferret out and punish the leaders of the mob which lynched the negro Dixon and the men who fired the buildings in the negro quarter of the city. "The good name of the state must be protected," said Gov. Herrick.

HEALTH is the Most Important

In buying food-products, several things are to be thought of—i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health—which is beyond price.

Remember these facts when buying baking powder.

CREATED A SCENE

Flag Had to Be Removed From Coffin Before Ceremony Proceeded.

BY RULING OF CHURCH

Sensational Episode in Connection With Burial of Soldier at Fort Wayne.

Undertaker Remonstrated but Was Ruled Out by Rector of Cathedral.

Ft. Wayne, Ind., March 12.—A sensational episode occurred at the Catholic cemetery, at the funeral of John Furste, a veteran of the Spanish-American war. The funeral was held under the auspices of the Spanish-American veterans, who made a military display. The rules of the cathedral require that no emblems of any kind be placed on the coffin when it is brought into the sanctuary. The undertaker in charge, who, himself bears wounds received in the civil war, refused to remove the American flag which had been placed around the coffin. He was met at the door by Father Roche, rector of the cathedral, who ordered the flag removed before the body was brought into the church. There was a delay, the undertaker remonstrating with the priest. The flag was finally removed, and the services progressed.

Sequel to Assault Case.

Evansville, Ind., March 12.—Mrs. W. P. Robb has brought suit against her husband for divorce, laying claim to \$15,000 alimony, with \$1,000 a year for six years, for the education of her daughter and an allowance for her son, who is a minor. She alleges ill-treatment. Mrs. Theodore Kevekordes, wife of the county recorder, is a sister and a couple of nights ago while Mrs. Robb was entertaining Mr. and Mrs. Kevekordes, Mr. Robb entered the house and assaulted Mrs. Kevekordes. He was knocked down by her husband and the police were summoned.

Woman Held to Answer.

New Albany, Ind., March 12.—Mrs. Ellen Johnson has been placed under \$200 bonds to await trial on charge of fraudulently drawing a pension. Her first husband was Francis Williams, serving in a Kentucky regiment, and she was granted a pension of \$8 a month after his death. Then she married William Johnson. Meanwhile the pension continued to be paid, but Mrs. Johnson asserts that, upon her second marriage she turned over the pension papers to an attorney at Louisville, Ky., and ceased to be benefited thereby.

Interest in Gregg Case.

Crawfordsville, Ind., March 12.—The Gregg damage case will get to the jury late this evening. Judge West allowed the attorneys full latitude in their arguments, and all of them have made the most of it. The argument has continued since Tuesday morning. There is considerable betting now as to the result. It now seems certain that if the jury dis-

agrees the defense will take a change of venue from the county before another trial.

Couldn't Give Bond.

Portland, Ind., March 12.—Robert J. Knox, arrested at Columbus, O., and brought to this city as an accomplice with Schoonover, alias Gordon, in "raising" bank checks, was arraigned before Squire Lewis and formally remanded in default of \$10,000 surety.

Remarkable Force of Wind.

Dillsboro, Ind., March 12.—During the recent windstorm at the town of Dupont, Jefferson county, a section of a tin roof upon one of the barns on the Simpson poultry farm was carried to Marble Corner, near here, a distance of seventeen miles.

Burglars Left No Clue.

Evansville, Ind., March 12.—Burglars broke into the postoffice at Howell, broke off the knob of the safe with a monkey wrench and took all the contents, including \$145 in cash and \$70 in stamps. There is no clue to their identity.

Will Have a New Jail.

Brownstown, Ind., March 12.—The county commissioners have contracted with an architect to draw plans for a new county jail here for which the county council recently appropriated \$18,000.

Will Protect the Ducks.

Terre Haute, Ind., March 12.—Deputy Game Warden Earle, with special deputies, has gone to the Kankakee duck-hunting grounds to remain during the hunting season, to arrest ill-nomen who come into the state and hunt without first procuring a license.

"I have no more nervous headaches and rest very well at night."

When a woman suffers from female weakness and irregularity or other forms of womanly disease, the effect is certain to be marked in her nervous system, the general effect being, as in Mrs. Woodin's case, "nervous headaches, restlessness at night" and a run-down condition. It is simply common sense then which says if you cure the female weakness, nervousness, etc., you will cure the nervousness, sleeplessness and other consequences of womanly disease.

Dr. Pierce's Favorite Prescription cures the womanly diseases which undermine the general health. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It cures headache, nervousness, sleeplessness, etc., by curing the womanly diseases which cause these ailments.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I feel more than grateful to you for the benefit I have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Ernie E. Woodin, of Millerton, Dutchess Co., N. Y., care of Box No. 1. "For a number of years I had been troubled with female weakness, nervous headache, irregularity, restlessness at night, and in fact was all run-down, but after taking three bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' I feel that I am entirely cured. I have no more nervous headaches, and rest very well at night; in fact, feel like a different person, thanks to your kind advice and wonderful medicine. I earnestly advise all who suffer from any similar troubles to write to Dr. Pierce at once. They will not regret it."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

BUILDING AND LOAN MEETING.

Large Representation of the Stockholders Present.

The meeting of the stockholders of the Co-operative Building and Loan Association at Armory Hall Friday night was well attended, there being from 300 to 400 present.

Order was called by W. P. Masters, president of the association, who stated the object of the meeting. O. H. Montgomery, the attorney of the association, was called and made a clear statement of conditions and was listened to attentively.

The report of the auditing committee was read showing the former treasurer to have been short with the association \$14,519.20, practically as at first announced.

Half of the proceeds of the property turned over by McCrady to the association and the bank which will amount to several thousand dollars, will be applied on the shortage as soon as the property can be disposed of legally.

RAILROAD RUMBLINGS.

Fireman Elmer Day was sent over on the Louisville branch this morning to fire passenger.

O. B. Sappington and Oscar Price, with the P. C. C. & St. L. at Columbus were here last evening.

Conductor W. D. Brown went to Louisville this morning to take charge of his new run on the branch.

Several Panhandle bridge carpenters have been laid off, including two or three men residing in this city.

Captain Charles Snyder of the B. & O. S-W. police force, had his right arm broken Thursday while attempting to arrest a desperate negro at Springfield, Ill.

Engineer E. W. Archman, who has been with the Illinois Central has been employed by the B. & O. S-W. and is learning the road. He is the first man to be directly employed as an engineer in many years, the plan has always been to make them serve as firemen until they have learned the road.

Grain Dealers Met.

A meeting of the grain dealers of Columbus, Seymour, Franklin, Edinburg, Hope and Azalia was held at Columbus Thursday. C. B. Riley, secretary of the State Grain Dealers' association, was present and talked to the dealers, and it is probable that an organization will be effected by which the grain men in Johnson, Jackson and Bartholomew counties will be brought closer together.

The grain men are trying to get better rates on the railroads and this is the worst thing they have to contend with, they say. Different roads have different rates and the dealers have all kinds of trouble when they commence shipping.

YOUR DRUGGIST WILL PROTECT YOU.

We know that many people hesitate to spend their money for medicines advertised in their local papers, because they are not positive whether they get something good or something worthless.

Many people hesitate to try new medicines, and they are right in so doing. Every man and woman should be careful what they use in the way of medicine. For these reasons we make arrangements with your druggist to protect you on every bottle of Paracamp.

So why experiment with the various remedies on the market, when you buy Paracamp on a guarantee like this? We believe that you are honest and believe that you will treat us right. We know if you do that you will be pleased with Paracamp. If you are suffering from any of the above ailments, get a bottle of Paracamp today. Sold only in 25 cent 50 cent and \$1.00 bottles, all good druggists, or sent direct upon receipt of price. The Paracamp Company, Louisville, Ky., U. S. A.

Architect Employed. The county commissioners have contracted with J. W. Royer, an architect of Champaign, Illinois, to "draw plans for a new county jail." When the county council made an appropriation \$18,000 last fall it was for the purpose of "repairing" the old jail. But the report goes out now that a new jail is the purpose in mind, and that an architect has been employed to make plans for a new jail. That probably means that they will call on the county council for another appropriation of \$15,000 to \$20,000 more to complete it. Why change from the original purposes?

The March National. The March number of the National Magazine is at hand ten days late, but stronger and more attractive than any previous issue. The publishers were just ready to mail their March issue when fire completely wrecked their fine plant at 41 West First street, Boston, on February 18th. They made a second edition and got it on the market in ten days. In order to do this they scattered their work among a dozen Boston printing shops and worked day and night. This number sustains the National's reputation for growing better each month.

Inflammatory Rheumatism Cured. William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. ### FRAUD ALLEGED.

Pension Drawn After Widow Married Second Time.

Mrs. Ellen Johnson, colored, was arrested Friday morning by Deputy United States Marshal Rankin on a charge of fraudulently drawing a pension. She was given a hearing before United States Commissioner Cardwell and was placed under \$200 bond to await hearing in the United States circuit court in Louisville next Monday. She gave bond for her appearance and was released from custody. Her first husband was Francis Williams, a soldier in a Kentucky regiment during the civil war. At his death she was granted a pension of \$8 per month. About eight years ago she married William Johnson, who is employed as a coachman by Mr. N. T. DePauw, and the pension should have ceased with her second marriage. It is claimed by the pension officials that some one has been drawing it regularly until about a year ago when her name was dropped from the rolls.

The woman denies having drawn the money and says that when she remarried she turned the pension papers over to a Louisville pension attorney who died about a year ago.—New Albany Tribune.

### WEATHER INDICATIONS.

CHICAGO, Ill., March 12, 1904.—Rain or snow north, rain south portion tonight and Sunday. Warmer extreme south portion tonight.

### Revival Central Christian Church.

Those who attended the services last night went away convinced that baptism by immersion was the only way by which they could be born into the Kingdom of Christ.

Another large crowd was delighted with the chart sermon, "Can I certainly know that I am Baptized," delivered by Brother Jackson. The sermons of the past week have been of a very good quality and proved to the people of Seymour that Harley Jackson, the pastor of the church, is well versed in the scriptures.

The solo was excellent and was much helped by a talk Miss Harris gave before she sang the song, "Two Babes were born in self same town." Services tomorrow, morning subject "Can I surely know my sins are forgiven." Evening subject "The more excellent way." Solos both morning and evening. Come and worship with us tomorrow.

### German St. Paul's Church.

The Christian Endeavor Society of the German St. Paul's church will celebrate its first anniversary tomorrow night at 7 o'clock at the church. Rev. G. A. Kienle, superintendent of the Deaconess Hospital at Indianapolis, will conduct services morning and evening in German and English respectively. The choir has prepared special music for the occasion. Everybody cordially invited to attend.

### Club Meeting.

The When-he-come Club met Friday afternoon with Miss Clara Steele on North Indianapolis avenue. The club is composed of twelve school girls with their grips and pass words and a jolly time they always have at their meetings.

### Attention.

### Remonstrance Filed.

For several years people at Freetown have waged a persistent fight against the saloon, and several months ago they filed a blanket remonstrance, covering all applications. In the application now pending before the board for a license to retail liquor at Freetown the remonstrators asserted that signatures to a petition for a saloon had been placed there without the knowledge or consent of the parties so named. Charles W. Thompson, a well-known resident, was one person whose name was attached without authority, and he filed an affidavit to that effect. The remonstrators now threaten prosecution for forgery in case there is further offense in this direction. In Owen township applications for license were filed for thirteen successive months. Remonstrances were successful for twelve months, but failed on the thirteenth. Owen township, as a result, again has saloons.

# CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows:

"As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents.

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health.

"I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

### "Builds up the System."

Hon. Joseph H. Ridgeway, Secretary of the American Anti-Treat Society, writes the following letter from the Grand Central Hotel, St. Paul, Minn.:

"It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all it claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system.

"I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years."

Mr. James B. Taylor, Roberts, Ind., writes:

"I am at the present time entirely well. I can eat anything I ever could I took five bottles of Peruna, and feel better now than I have for five years I have doctored with other doctors of and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy my Meals as I Used to."

Mr. J. W. Pritchard, Wolf Lake, Ind., writes:

"I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna.

"It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

Miss Rose Owens.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?

August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes:

"I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

## WINE of CARDUI

## TERSE TELEGRAMS

The Japanese land advance has begun in Korea and Manchuria.

Business failures in the United States for the week number 20, against 19 last week, and 176 in the like week in 1901.

Mark Dunn, the murderer, was hanged at St. Joseph, Mo., July 29, 1902.

The senatorial inquiry into the charges against Senator Dierich of Nebraska has begun before the special committee.

The Japanese journalists are rejoicing at the friendly tone observed in the American papers which have just been received in that country.

Chairman Jones of the national Democratic committee has issued a call for a meeting of the committee on arrangements at St. Louis on April 4.

President Roosevelt has fixed the salaries of the isthmian canal commissioners at \$120,000 per year and in addition there to \$15 per day while they are on the isthmus.

Col. Leutwein, governor of German Southwest Africa, has asked for reinforcements. He has found the Hereros to be more numerous and better armed than he supposed.

R. D. Field, a nephew of Cyrus W. Field, who laid the Atlantic cable, committed suicide at Pueblo, Col., by drinking poison. Dependence on ill-health is assigned as the cause.

Insurgents stormed Pajarito, a suburb of San Domingo, and in the engagement that followed several men were killed or wounded. The government troops finally obliged the insurgents to withdraw.

## Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by C. W. Milhous.

St. Petersburg, March 12.—During a concert at court last evening organized by the empress, a rumor was current that the Russians had lost heavily during the last Japanese attack on Port Arthur. The imperial box remained empty, whereas the empress and the dowager empress and other members of the imperial family had been expected to be present at this strictly official fete seems to give confirmation to the rumor.

## SENSATIONAL CHARGE

Made by Col. Cody Against His Wife.

Denver, March 12.—A petition for divorce filed in the district court of Big Horn county, Wyoming, Jan. 9 last by William F. Cody (Buffalo Bill) has just been made public. The complaint charges cruelty and alleges that on Dec. 26, 1900 Mrs. Cody attempted to

BUFFALO BILL.

poison the plaintiff. Another ground on which the plaintiff asks a decree is that the marital relation has been intolerable to him by his wife's refusal to entertain his friends at his home at North Platte, N. D. Mrs. Cody, who is at North Platte, denies her husband's charges, and will contest the suit. Col. and Mrs. Cody were married at St. Louis, March 6, 1866.

If troubled with weak digestion, belching or sour stomach, use Chamberlain's Stomach and Liver Tablets and you will get quick relief. For sale C. W. Milhous.

## HEADQUARTERS CHANGED

Official Home of Indiana Republicans in English Hotel.

Indianapolis, March 12.—The headquarters of the Republican state committee were removed today from the State Life Insurance building to the second floor of the Hotel English which is also headquarters for visiting Republicans. The moving was supervised by Secretary Sims, as Chairman Goodrich is sick at his home in Winchester. Chairman Goodrich has a severe attack of la grippe and his physicians have advised him to take a rest.

J. Frank Hanly of Lafayette who was here today put to rest the rumors and reports that his candidacy for the Republican nomination for governor foreshadows an effort on his part to become a United States senator if Senator Fairbanks is elected vice-president. For sometime, or rather since it became evident that Senator Fairbanks was the party choice for vice-president, there has been much talk that Mr. Hanly would immediately aspire to the senate if he should be elected governor. Naturally the friends of the prospective candidates for the senate have felt some concern. But Mr. Hanly today authorized your correspondent to say that if he is elected governor that he will serve out his term and endeavor, as he said in his announcement, to administer the affairs of the state in a fair and impartial manner.

The Republicans of the Eleventh district have the race between Major Steele of Marion and Representative Frederick Landis of Logansport figured down to a fine point. And by the way it may be stated truthfully that this is one of the most interesting contests in the recent political history of the state. There are 121 votes, or rather there will be that number in the convention. Steele's followers now figure that he will have 35 in Grant, 9 in Miami, 10 in Wabash, 4 in Blackford and 4 in Huntington which will be a total of 62 or one more than enough to nominate. Landis claims 29 in Cass, 9 in Miami, 19 in Huntington, 11 in Wabash and 6 in Blackford, a total of 65 or 4 above the nominating margin. From the claims of the respective candidates it will be seen that the situation is decidedly interesting and that whoever wins, it will be too close for comfort.

The fact that Wm. Randolph Hearst was able to capture a majority of the Rhode Island delegates has caused a lot of talk among Indiana politicians. Some papers here are saying that it has led to a more careful inventory of Hearst in Indiana, but it is doubtful if that is the truth. Hearst has not been considered seriously by the Indiana Democratic leaders and it may be stated fairly that he will have a hard row to travel in securing the Indiana delegation. The chances are that the latter will not be instructed but the wishes of the party will be so clearly defined that a delegate who votes against it will do so at the risk of his political future. It is said that Hearst's agents are carefully organizing several districts in Indiana but the chances are now that he won't get more than one or two delegates at the most.

Party leaders are more than ordinarily interested in the outcome of the race for Republican nomination for congress in the Twelfth district as Lieut. Gov. Gilbert is one of the leading candidates. He was a candidate for governor but withdrew to enter the race for congress. It was thought that he would have a cinch for the congressional nomination but he has a stiff fight on his hands. C. C. Gilhams, who was the nominee two years ago wants to run again and he is making things warm for Gilbert, although the latter's friends are very confident that he will win.

## CONDITIONS IMPROVED

The Weather Has Been a Help to Trade This Week.

New York, March 12.—Bradstreet's weekly review of trade today says: Weather conditions have improved and with them jobbing trade at leading Western points. Southern spring trade reports continue good and recent rain or snow in the Southwest, though so light in some sections as to be of little service to winter wheat, has brightened wheat reports from that section. The iron trade also shows a gain in activity and in prices of crude material. Transportation matters show improvement, and with them supply of coke to furnaces and shipments of goods to consumers. February gross railway returns as a whole promise to be somewhat better than the outlook some time ago favored. Drawbacks to general spring trade outlook are found in the slowness of Eastern buyers to take hold of spring goods and in serious floods. Pacific coast trade reports show a slight improvement.

The Money Was Missing.  
Indianapolis, March 12.—The body of John Schowe, drowned and lost during the high water in White river, several weeks ago, has been recovered in a corn field near West Newton. Schowe had been chained to a boat by the man who attempted to rescue him and the chain was found fastened to him. An examination of the man's clothes did not reveal the \$1,000 which was reported to have been carried by Schowe.

Memphis, Tenn., March 12.—The steamer Sunshine was burned near Tiptonville, together with her cargo. The boat was valued at \$20,000.
